 Dell Medical School
 University of Texas

2:05-2:20 Break and Transition to Working Groups

The following Summit Workshops will allow institutional representatives to share their expertise with fellow attendees in small groups and provide invaluable input toward the integration of SGBM into medical school curricula and the development of SGBM Student Competencies. Expert faculty will facilitate guided discussions for each small group.

- 2:20 **Workshop A: Utilization of SGBM Resources in US Medical Schools: Overcoming Barriers to Achieve Action**
Group A1: Siebens 202
Group A2: Siebens 215
Groups A3 & A4: Siebens 405

Participants will share information regarding models of curricular integration which have worked well at their institutions and which would help to incorporate Sex and

Gender-Based Medicine. A composite report with recommendations will be developed and shared with all attendees after the session.

Workshop B: Creating SGBM Student Competencies in Alignment with the AAMC

Group B1: Siebens 203

Groups B2 & B3: Siebens 402

Group B4: Siebens 405A

Participants will create a framework for the development of national SGBM medical student competencies. A composite report will be developed and shared with all participants after the session. The SGBM Student Competencies will be published within 12 months of the Summit.

3:20 Working Groups A and B: Transition Back to Room

Groups will regroup in main auditorium.

3:30 Workshop Reporting

The Summit will reconvene with all participants and a representative from each group will present an overview of the group's work with time for discussion.

4:30 From Roadmap to Reality: Your Role as a Change Agent

Marjorie R. Jenkins, MD FACP

Program Chair, Sex and Gender Medical Education Summit

Professor of Medicine

Chief Science Officer, Laura W. Bush Institute for Women's Health

Rush Endowed Chair for Excellence in Women's Health

Texas Tech University Health Sciences Center

4:45 Adjourn
